

Lumos TV

Experience TV that puts you in total control.

Lumos TV is the exciting next generation of TV entertainment - an all-new way to view your favorite programs by streaming over fast, fiber internet. It's TV you can watch on multiple devices - in any room, at any time - no set top box required. It's live TV that you can pause, rewind, restart and record, putting you in total control. And with multiple package options and add-ons, like premium movie channels, sports and entertainment packages, you can customize it just for you.
